Safety and the health and welfare of our students, staff, and community are top priority. We will adhere to all CDC, MDH and MDE guidelines throughout the 2021-2022 school year..

In accordance with federal regulations, parents have the right to know:

TEACHER AND PARAPROFESSIONAL QUALIFICATIONS

Parents of Title I, Part A students have the right to know the professional qualifications of the classroom teachers who instruct your child. Federal law allows you to ask for certain information about your child's classroom teacher, and requires us to give you this information in a timely manner upon request. Specifically, you have the right to ask for the following information about each of your child's classroom teachers:

- a. Whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- b. Whether the teacher is teaching under a provisional status through which state qualification or licensing criteria have been waived;
- c. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree; and
- d. Whether the child is provided services by paraprofessionals and, if so, their qualifications

To the extent practicable, Parent's Right to Know Notification will be provided in a language that parents can understand.

To obtain any of the information listed above, please contact your child's principal by phone, written communication or in person. The principal will provide the requested information within five (5) school days.

ATHLETIC ELIGIBILITY

Mississippi High School Activities Association (MHSAA) eligibility system states a student must earn 3 credits per semester (6 per year) to remain eligible for all MHSAA activities. This includes band, choir, cheer, dance, forensics and all sports. The student's overall average must be a C (2.0) or better. The eligibility of the student is assessed each semester. If a student fails to achieve these requirements, he/she is placed on probation until the credit/GPA has been earned. The student may practice with their club/team, but may NOT participate in any after-school activities until they become ELIGIBLE.

Coffeenville School District is a member of the MHSAA, and all schools that we compete against must be members in good standing. All students who participate in interschool activities must be legal students. Any student, who reaches 19 prior to September 1, will be ineligible to participate in interschool activities.

MHSAA holds a school solely accountable for their fans (including students, parents, teachers, visitors, or administrators) at athletic contests and on occasion, places a school on PROBATION as the result of unacceptable spectator behavior.

THEREFORE, any Coffeenville student who assaults, or attempt to assault or is rude to officials of scheduled athletic contests (includes other students, parents, teachers, administrators and visitors), whether the contest is at home or away will be subject to disciplinary action which may include suspension and/or expulsion for a severe infraction.

ASBESTOS

The Coffeenville School District is in compliance with all requirements as set forth by the Environmental Protection Agency (EPA).

Our maintenance and custodial staff has been trained to handle asbestos materials. Our Maintenance Department and Asbestos Coordinator, will be able to answer any questions upon request.

COFFEEVILLE SCHOOL DISTRICT COUNSELORS

Dear Parents/Guardians,

Throughout the 2021-2022 school year, Coffeerville School District counselors along with the assistance of classroom teachers will focus our classroom guidance lessons on various topics to help every student develop coping skills to better handle challenging situations when they arise. These lessons will correlate with the District's Positive Behavior Intervention Support (PBIS) expectations. The topics will include, but are not limited to, lessons addressing respect, study skills, peer pressure, bullying, healthy choices, positive attitudes, early literacy, and suicide prevention.

We firmly believe that a successful student is one who has been educated in the content areas of reading, writing, and mathematics as well as in the areas that address the social and emotional well-being of every student. Many parenting workshops/seminars will be offered throughout the school year. We encourage you to actively participate in these opportunities and take advantage of the information presented.

As counselors in the district, we are here to help in any way we can. If a crisis situation arises involving your child, school law permits counselors to act on the student's behalf without parental consent. If a teacher, fellow counselor, or administrator refers your child for regular counseling services, you will be notified prior to your child participating in any counseling sessions.

We are responsible for working with all students who need guidance academically, socially, behaviorally, or in planning for a successful future. Counselors now work closely with administrators, teachers, and parents to develop a comfortable, healthy school environment conducive to learning.

Coffeerville School District counselors do not provide long-term mental health therapy in schools, and school counseling is not a substitute for mental health counseling.

It is the goal of the Coffeerville School District counselors to help each student profit as much as possible from his/her positive school program experiences.

If you have any questions, please do not hesitate to contact your child's counselor. Thank you for allowing us the opportunity to serve you and your child.

Many thanks,

Coffeerville School District Counselors

2013 Mississippi code Title 41 – PUBLIC HEALTH Chapter 79 – HEALTH PROBLEMS OF SCHOOL CHILDREN SCHOOL NURSE INTERVENTION PROGRAM

Universal Citation: *MS Code 41-79-1(2013)*

The Legislature finds that health problems often are not prevented or detected in early stages because so many of the state's children are not in a health-care system. A school nurse can provide the preventive health services needed to facilitate the student's optimal physical, mental, emotional, and social growth and development as well as help prevent serious health problems which would be more difficult and costly to address later.

In keeping with the MS Public Health Code, Coffeerville School District provides a Registered Nurse for our students. The purpose is to:

- Promote and support school attendance
- Provide medical care for sick and injured students and staff
- Provide daily medical care for special needs students and staff
- Promote health and wellness for our students, staff and community

IMPORTANT NOTICE:

The school nurse's office is NOT a primary care facility.

The nurse by law is NOT allowed to make a diagnosis, prescribe treatment, or administer medication without a DOCTOR'S ORDER. First aid and medical care provided by the school nurse are primarily for illnesses or injuries that occur during the instructional day.

District Nurse: Ms. Beverly Brown
Mrs. Diana Cashaw

Phone Number: 662-675-8904/662-675-2721

Notify your school nurse immediately if your child has a special health concern.

Tdap Booster Vaccination to Enter 7th Grade

Dear Parent or Guardian:

Mississippi law requires a Tdap booster vaccination to enter 7th grade. We encourage you to start making plans now for this back to school requirement.

Please make an appointment as soon as possible for your child to receive the 3 vaccines required for protection from vaccine-preventable diseases.

The Centers for Disease Control and Prevention (CDC) recommends for teens and preteens age 11-12 years including:

- **Meningococcal conjugate vaccine (MCV)**
- **Human papillomavirus vaccine (HPV)**
- **Tdap vaccine**

You can make an appointment with your regular healthcare provider of local health department clinic. Insurance providers and the MS Vaccines for Children (VFC) program make all childhood vaccinations available for all children at low to no cost.

Non-Emergency Transportation (NET) provides transportation to and from appointments if your child has Medicaid and you need help getting to the clinic. Call 1-866-331-6004 at least three business days in advance to schedule a ride.

Foreword

This student handbook has been prepared by the faculty, staff, and administration, along with input from students, parents/guardians, community and constituents of Coffeerville School District as a guideline to procedures, policies, and practices governing the operation of our school and the behaviors of our students. The administration and instructional staff of Coffeerville School District believes that this handbook will help parents/guardians and students with being properly informed about District policy and expectations. The School Board and the administration of Coffeerville School District work closely together with a student/community advisory committee (**Miss. Code Ann. § 37-11-55**), to establish sound and reasonable goals for our schools, to anticipate district needs, and to provide an environment conducive to learning. We urge parents, students, and teachers to read this handbook in its entirety in order to make the 2021-2022 school year both pleasant and successful.

It is the responsibility of parents/guardians and students to familiarize themselves with this Student Handbook. Parents/guardians are encouraged to read and discuss the handbook content with their children.

The policies described in this handbook shall pertain to any student who is on school property, on the school bus, on the way to and from school, or who is in attendance at school or at a school-sponsored activity or event. For conduct occurring on property other than school property or other than at a school-related event when such conduct by a student, in the determination of the school superintendent or principal, renders that student's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the student and teacher of such class as a whole (**Miss. Code Ann. § 37-7-301**). School-sponsored activities include, but shall not be limited to, practices, rehearsal, participation or spectator, on or off school property, within and outside the school district.

Subject: AHERA Compliance Notification

In Accordance with AHERA regulations, school districts are required to perform several activities with regards to **ASBESTOS** in schools. These activities include an initial asbestos inspection and development of a Management Plan. The Management Plan addresses how identified asbestos containing materials (ACM) will be handled.

As part of the Management Plan, schools are also required to provide notification to all parents, teachers, and employees of our ongoing management of asbestos containing materials(ACM).

To provide continuing management of the asbestos in our schools, all asbestos containing materials are inspected every six months. Any changes in the ACM are being recorded in a surveillance report as part of the management plan.

A copy of this surveillance report, along with a copy of the management plan and all supplementary information is located at Central Office. A copy of the management plan pertaining to all schools is maintained in the Local Education Agency(LEA) office located at 96 Mississippi Street Coffeenville, MS 38922. These documents are available for review upon request.

PBIS-CODE OF CONDUCT

Positive Behavioral Interventions and Supports (PBIS)

PBIS is a proven, research and evidence-based discipline program that emphasizes school-wide systems of support that include strategies for defining, teaching, modeling and supporting appropriate student behaviors to create positive school environments.

PBIS emphasizes teaching students to behave in ways that contribute to academic achievement and school success and that support school environment where students and school staff are responsible and respectful. PBIS also emphasizes the need for school staff to promote appropriate behaviors by teaching, modeling, reinforcing, and monitoring appropriate behaviors and by treating much minor misbehavior as “teaching moments” rather than punishment opportunities. PBIS recognizes that effective school discipline is anchored to meaningful corrective instruction and guidance that offers students an opportunity to learn from their mistakes and contribute to the school community. PBIS also involves ongoing monitoring of discipline data to ensure equitable school-based discipline practices are implemented in a fair and non-discriminatory manner.

The Coffeerville School District has been implementing the PBIS program across the entire district. The Student Code of Conduct compliments and supports the district-wide implementation of PBIS to foster student academic and behavioral success.

This school district shall admit into its schools all eligible residents and legally transferred minor children who are at least five years old and not over 21 years of age on or before September 1 of the current school year. Each minor shall attend school in the school district of his/her residence, unless legally transferred to another school district by the school board pursuant to Section 37-15-29 (1992).

Except for those students who have been legally transferred, each minor seeking to enroll in this school district will be a school district resident. All students will register at the school they are assigned to attend, with the exception of out-of-district transfer students and those living with a legally appointed guardian. These students will register at the district administrative offices. **(Call the central office for policy on out-of-district students who want to enroll.)**

Any new student enrolling in this school district or any continuing student whose residence has changed will be accompanied to enrollment by his/her parent/guardian who will register the minor child for admission, except students who have been legally transferred. The student's parent or legal guardian will be required to verify his/her residence as herein provided as part of the registration process. In the case of separated or divorced parents, court orders and decrees involving custody of children will be controlling.

In accordance with the laws of the State of Mississippi, in order to be admitted to Pre-K/kindergarten, students must be 5 years of age on or before September 1 of the current school year. First grade students must be 6 years of age on or before September 1 of the current school year. Certificates of Immunization and Vaccination are required upon entering school. (See section on *Immunizations and Vaccinations*.) This affects all students in grades K-12.

For any child enrolling in Pre-K/Kindergarten or first grade, a certified birth certificate must be presented upon admission. The birth certificate must be from the Bureau of Vital Statistics or from the State Department for students born overseas. Hospital records, baptismal records, etc., will not be acceptable. No other birth certificate is acceptable. The principal or his/her designee must verify the birth certificate. Telephone calls are not acceptable.

Student enrolling in grades two through twelve must present an up-to-date immunization record. (See section on *Immunizations and Vaccinations*.)

Temporary enrollment will be allowed in the following cases:

- a. A verification of immunization is presented from the local health department.
- b. A copy of an official request for a birth certificate and a copy of the money order used to order the certificate is presented.
- c. An official letter from a lawyer or legal agency that states the custodian or guardianship process has officially begun is presented.
- d. When a child is identified as Homeless (see Homeless Children)
- e. Due to a recent relocation, documentation verifying residency is unavailable

Temporary enrollment means the student will be allowed to attend classes for **forty-five days**. At the end of the forty-five days, the student may be removed from the school and reported to the attendance officer. Temporary enrollment will preclude official recording or release of grades or verification for a driver's license.

Any child who transfers from an out-of-state public or private school in which the state's law provides for a first grade or kindergarten enrollment date subsequent to September 1, shall be allowed to enroll in this school district at the same grade level as their prior out-of-state enrollment if :

- a) That parent, legal guardian or established custodian of such child was a legal resident of the state from which the child is transferring.
- b) The out-of-state school from which the child is transferring is duly accredited by that state's appropriate accrediting authority.
- c) Such child was legally enrolled in a public or private school for a minimum of four weeks in the previous state.
- d) The superintendent of schools of this school district or designee has determined that the child was making satisfactory educational progress in the previous state.

If a student is transferring into Coffeeville School District from a school accredited by a state or regional accrediting agency, an official transcript mailed directly from the office of the school previously attended will be required. A report card or transfer papers from the previous school attended may be used for temporary class placement.

Students transferring into a Coffeeville School District from a non-accredited school or home schooling must be given appropriate placement tests (grades K-8) and term tests (grades 9-12) as determined by school officials. The student's Social Security number is required.

A student residing in Coffeeville School District at the beginning of the school year who is not attending another school and who enrolls after the first day of the school year in the Coffeeville Public Schools must make up all work missed because of late enrollment. If a student resides in Coffeeville School District and enrolls after the beginning date of the school year, days missed because of late enrollment will be counted as absences. Failure to make up work missed will be cause for withholding credit for the term's work. All make-up work due to late enrollment must be completed by the end of the current term.

In accordance with Section 63-1-10, Mississippi Code of 1972, as amended, any applicant for a driver's license less than eighteen years of age must submit with his or her license application documentation from the appropriate school authority that the applicant is a full-time student in Coffeeville Schools. These forms can be obtained in the

High School office. The student should fill out the top of the form, Name, Address, Date of Birth, Age, Social Security Number, and the Name of School being attended. This must be printed in ink. The form will then be verified for school attendance, signed by the principal's designee and notarized.

Residence Verification Procedure

As a result of the Residency Verification Procedure adopted as a policy of the Mississippi Board of Education on April 20, 1990, each parent or legal guardian or other adult with whom a student lives must provide to the school administration the following documents a copy of **at least two** of the following items of verification of residence is essential. A post office box address will be acceptable as a single verification item. These items must reflect a street address or designated road address. All documents must be for present residence only; documents for rental or other commercial property will not be acceptable. **Motel/hotel addresses will not be acceptable except in the case of homeless, immigration, or other temporarily displaced children.**

- Filed Homestead Exemption Application form
- Mortgage documents or property deed
- Apartment or home lease
- Utility bills
- Driver's license listing present address
- Voter precinct identification

- Automobile registration
- Affidavit of residence and/or personal visit by designated school district official at district option
- Any other documentation that in the determination of the School Board will objectively and unequivocally establish that the parent or guardian resides within the school district

If one is the legal guardian of the student, he/she must also provide documentation showing guardianship.

NOTE: Any legal guardianship formed for the purpose of establishing residency for school district purposes shall not be recognized by the Board.

(Legal reference: Mississippi Code Ann. Section 37-15-31, 1989 Supplement.)

If Coffeeville School District receives a complaint regarding the residence of a student, the district is required to take action to further verify residence, including but not limited to follow-up visits to the resident's address by school officials.

Immunizations and Vaccinations

It is unlawful for any child to attend school without first being vaccinated with at least one dose of diphtheria, whooping cough, tetanus, red measles, rubella, and polio vaccine and completing the entire series within ninety (90) days. Every student in Kindergarten through Grade 12 must present a certificate of immunization compliance from his/her doctor or from the health department. This certificate of compliance (Form 121) must be presented in order to attend school, even though all shot records are now up-to-date on school records. Other valid certificates include Form 121-A, Medical Exemption Certificate, or Form 121-T, Temporary Compliance Certificate.

In order to secure this certificate of compliance, it will be necessary for the student to go to the local county health department, the office of his/her family physician, taking with him/her all official shot records. Before a child can register, the certificate of compliance must be presented. The validation of this certificate will become a permanent part of the student's records and will be valid through grade twelve. If the doctor signs the certificate indicating that other doses are necessary, the student will be given ninety (90) days to complete the required immunizations. If they are not completed at the end of ninety (90) days, the child by law must be suspended until compliance is achieved.

Transfer Students

- Any child transferring to any school in Coffeeville School District must have a valid immunization certificate, birth certificate, report card, and name and address of the former school attended.
- No student is to be enrolled in this school district until any questions regarding residence or immunizations have been resolved.
- Students suspended or expelled from another school or school district may not be allowed to enroll.

Transfer/Withdrawal of Students Out-of-

District Transfers:

All students enrolled in the school district after the beginning of the school session who move outside the district at any time during the school year must withdraw from the school system using the following method of withdrawal.

- School officials should be notified at least one-day prior to the withdrawal of a student.
- The student's parent must come to the principal's office and officially withdraw his/her child. All books and fines must be cleared before official withdrawal is completed and the student's academic record is cleared.
- Any student who moves during the school year must record the change of address with the principal in the main office.

- The principal and counselor are authorized to release Coffeerville School District education reports or records when an official written request is received from the school district to which the student is transferred. (A parent or legal guardian has the right to review his/her child's school records.)
- A student leaving Coffeerville School District system may obtain a record of his/her work to date for the current term. Reports may be held if the student has any indebtedness to the school (lunchroom, workbooks, library, textbooks, damages, etc.).
- In grades K-12, if a student withdraws during the last two weeks of the school year and moves out of the district, the student will receive grades in progress to be presented to his/her new school. The school to which the student is transferring will have the option of accepting the grades in progress as the student's final grade or for students in grades 9-12, requesting examination from the Coffeerville Schools. The examinations may be mailed to the student's new school upon written request of the school to which the student is transferring. Examinations, when completed, will be checked by Coffeerville school personnel and credit will be given by the Coffeerville Public Schools. **No examinations will be given ahead of time.**
- **All students living within the Coffeerville School Zone will be required to attend Coffeerville Schools. No RELEASE will be granted without requesting permission from the school board and providing proof of new residency.**

Dual Enrollment

Students may enroll in classes at institutions of higher learning offered on the campus of schools within the district or in neighboring districts, or students may enroll in night class at a community college if certified by letter from school counselor.

- A student must have a 3.0 GPA
- A student must have completed 14 Core Requirements
- A student must have an ACT composite score of 20

Homeless Children

A child is determined to be homeless as defined by the Stewart B. McKinney Act 42 USC Section 11431(l), 11432(e)(4) and 11302(a), this school district shall consider and take enrollment action that is in the best interest of the child, pursuant to 42 USC II 432(e)(3).

- The requirements of Section 11 above are minimum requirements and this school district may require additional documentation and verification at any time.
- At the minimum, this school district shall maintain in a file a written instrument identifying the types of documents used to verify each student's residency and copies of any relevant guardianship petition or decree.
- The provisions of this policy do not apply to students who reside outside the school district but who have legally transferred into the school district.
- Any court-ordered procedure shall take precedent over any procedure contained herein.

Because homeless students often have circumstances that prohibit them from meeting the establish requirements for enrollment in schools (birth certificate, residency, immunization records, records from previous schools, and proof of legal guardianship), they will be enrolled in school with the requirements for records waived while the school arranges for transport or obtainment of these records.

Homebound Program

The Homebound Program is an instructional program for students who because of severe disabilities or chronic illnesses are unable to attend school for extended, long-term periods or for other reasons as approved by the Board of Trustees for the education of students not in the normal academic program. The school district's administration in cooperation with the instructional staff will determine the student's eligibility for homebound services. Following administrative procedure, no principal or teacher or any other staff person shall have the

authority to place a student in the Homebound Program. Applications for homebound services are in the principal's office.

Home Schooled Children

Due to the COVID-19 and the coronavirus pandemic, we encourage all parents considering homeschooling and still uncomfortable with face-to-face instruction to enroll in Virtual Learning for the 2021-2022 school year.

The School Board encourages the admission of all eligible students to Coffeerville School District. All students seeking to enter Coffeerville School District from a home school environment shall be placed in grades and classes in accordance with the following criteria:

- The student shall not be placed more than one grade above the grade or class that the student would have been assigned to, had the student enrolled during the year the child reached his sixth birthday on or before September 1.
- The student shall be required to take a test deemed appropriate by Coffeerville School District. This test will be a primary determining factor in the student's grade/class placement. No enrollment of the home school student shall be considered official until the test has been completed by the student.
- The student will be assigned to the grade or class for which the test shows the student is best suited in accordance with the age limitation as set forth above.

High School (Grades 9-12)

- I. The student shall be required to complete all state and local requirements for graduation. The set of requirements that the student must meet will be determined as follows:
 - a. If the student is placed above the ninth grade level, the student will meet requirements for entering the ninth grade based on his chronological age as set forth above.
 - b. If the student is placed in the ninth grade, the student will meet requirements of the ninth grade class in which he is enrolled.
- II. The Carnegie Unit System is the primary factor in determining grade level placement of the high school student. The awarding of Carnegie Units for home study courses shall be at the discretion of the building principal. As a minimum, formal documentation for each course for which a Carnegie Unit is requested shall be presented to the building principal as follows:
 - a. A set of objectives for the courses that are significantly similar to the objectives used in Coffeerville School District Instructional Management Plan.
 - b. Extensive samples of work that reflect an extended period of study and practice/application of each objective presented in Item a.
 - c. Assessment measures used to determine that objectives have been met at a minimum of 65% mastery level.
 - d. The number of Carnegie Units awarded by the building principal shall determine the grade placement of the student in accordance with the graduation requirements and state/local mandates. No authority is given or is to be implied regarding the waiver of any state or local graduation requirements for the home school student.

- e. A permanent record for the home school student shall be made upon enrollment. The record will contain all pertinent information. The record will show that the student entered from a home school environment. Any Carnegie Units awarded by the building principal will be listed on the cumulative records and will be reflected as home school. (Home school credit will be recorded as pass/fail and will not count toward GPA.)

ATTENDANCE
Attendance Policies
(Board Policy JBA & JBD)

MISSISSIPPI COMPULSORY SCHOOL ATTENDANCE LAW SUMMARY

- A. A parent, guardian or custodian of a compulsory-school-age child in this state shall cause such child to enroll in and attend a public school or legitimate nonpublic school for the period of time that such child is of compulsory-school-age, except under the following circumstances:
 1. When a compulsory-school-age child is physically, mentally or emotionally incapable of attending school as determined by the appropriate school official based upon sufficient medical documentation
 2. When a compulsory-school-age child is enrolled in and pursuing a course of special education, remedial education, or education for handicapped or physically or mentally disadvantaged children
 3. When a compulsory-school-age child is being educated in a legitimate home instruction program
- B. Unlawful (Unexcused) Absences – An “unlawful absence” is an absence during a school day by a compulsory-school-age child, whose absence is not due to a valid excuse for temporary nonattendance. Days missed from school due to disciplinary suspension shall not be considered an “excused” absence under the provisions of this section.
- C. Excused Absences – The following are the only reasons for which an absence may be considered excused.
 1. Authorized school activities (requires prior approval)
 2. Personal illness/injury
 3. County health officer isolation
 4. Death/serious illness of immediate family member (children, spouse, grandparents, parents, brothers, sisters, including step-brothers and step-sisters)
 5. Attendance in court as a witness if under subpoena
 6. An absence may be excused if the religion to which the compulsory-school-age child or such child’s parents adhere requires or suggests the observance of a religious event. The approval of such absence is within the discretion of the superintendent of the school district or his designee, but approval should be granted unless the religion’s observance is of such duration as to interfere with the education of the child.
 7. An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district or his designee that the purpose of the absence is to take advantage of a valid educational opportunity. Approval of such absence must be gained from the school board of Coffeenville School District or its designee prior to the absence.
 8. An absence may be excused when it is demonstrated to the satisfaction of the superintendent of the school district or his designee that conditions are sufficient to warrant the compulsory-school age child’s nonattendance. However, no absences shall be excused by the school superintendent or his designee when any student suspensions or expulsions circumvent the intent and spirit of the compulsory attendance law.

- D. Any parent, guardian or custodian of a compulsory-school-age child subject to the provisions of this law who refuses or willfully fails to perform any of the duties imposed upon him or her under the provisions of this section or who intentionally falsifies any information required to be contained in a certificate of enrollment, shall be guilty of contributing to the neglect of a child and, upon conviction, shall be punished in accordance with the provisions of Section 97-5-39, Mississippi Code 37-13-91 of 1972.

Upon prosecution of a parent, guardian or custodian of a compulsory-school-age child for violation of this section, the presentation of evidence by the prosecutor that shows that such child has not been enrolled in school within eighteen (18) calendar days after the first day of the school year of the public school which such child is eligible to attend, or that such child has accumulated twelve (12) unlawful absences during the school year at the public school in which such child has been enrolled, shall establish a prima facie case that such child's parent, guardian or custodian is responsible for the absences and has refused or willfully failed to perform the duties imposed upon him or her under the provisions of this section. However, no proceedings under this section shall be brought against a parent, guardian or custodian of a compulsory-school-age child unless the school attendance officer has contacted promptly the home of the child and has provided written notice to the parent, guardian or custodian of the requirement for the child's enrollment or attendance.

If a compulsory-school-age child has not been enrolled in a school within fifteen (15) calendar days after the first day of the school year of the school which such child is eligible to attend, or such child has accumulated five (5) unlawful absences during the school year of the public school in which such child is enrolled, the school district superintendent shall, within two (2) school days or within five (5) calendar days, whichever is less, report such absences to the school attendance officer of the youth court or family court.

POINTS TO REMEMBER

- A. Students who will attain the age of six (6) years on or before September 1 of the calendar year and who have not attained the age of seventeen (17) years on or before September 1 of the calendar year are considered **compulsory-school-age children**. Generally, this covers children ages six through sixteen.
- B. These children must be enrolled in school within fifteen (15) calendar days after the first day of the school year of the public schools which such child is eligible to attend.
- C. These children can have no more than twelve (12) unlawful (unexcused) absences during any one school year.
- D. The parent(s) of these children are responsible for seeing that their children attend school.
- E. Days suspended from school are unexcused and count as part of the twelve (12) unexcused days allowed.
- F. **A student is considered absent for the entire day if that student is absent for more than thirty-seven percent (37%) of the instructional day.**

Every student benefits from good school attendance and promptness to classes. Those benefits include an opportunity to expand present knowledge, interrelate with peers, and an opportunity to participate in unique experiences. Absences from school result in loss of "time on task" and each student's absence lowers average daily attendance resulting in a loss in state funding. School attendance is considered an important responsibility of the student and parents. Because student attendance affects student learning, a parent conference may be required if a student has excessive absences, regardless of whether the absences are excused or unexcused. Coffeeville School District supports the philosophy that the instructional program is the most vital part of formal

education. School attendance is considered very important in order for a student to obtain maximum benefits from his educational program. Experience has shown that high quality of work is virtually impossible to perform with irregular attendance. Therefore, students are expected to attend school at all times when school is in session.

During the 2020-2021 school year, all students are required to be present at least 63% of the instructional day to be considered “Present”. If less than this 63%, student will be considered “Absent” from school.

Absences

All absences from school shall be classified under the following headings:

- **Official** – An official absence is when a student is representing the school in some official capacity in or out of the city. This classification includes when students are a part of a school-related field trip or other educational activity. The teacher or sponsor will issue a list of all students who are to be excused. This list will be approved by the district and/or building administrator. The list will be the excuse for the absence—no other excuse will be necessary. All work missed must be made up as arranged by the teacher whose class was missed. Official absences will not be counted against students when determining exceptions for semester examinations.
- **Excused** – An excused absence is one which results from personal illness, death or serious illness in the immediate (brother, father, mother, sister, grandparents) family, or special circumstances such as court summons. Absences, other than those listed above should be cleared through the principal’s office before the student is absent. Students are allowed a maximum of 3 excuses from parent notes per year. **Senior students may miss two days during the school year to interview for scholarships and take placement or entrance exams if documentation is provided in advance of the absence.** This absence will be considered excused and will not count against the total number of days allowed to miss under the attendance policy.
- **Unexcused**– Coffeeville School District follows the Mississippi Compulsory School Attendance Law in reporting unexcused absences to the County Attendance Officer and the Department of Human Services. When a student accumulates five (5) unexcused absences, the county attendance officer will be notified. An accumulation of twenty (20) unexcused absences will be one factor in determining promotion/retention of a student. **When a student misses class time because of truancy, out-of-school suspension, or for other unexcused absences, s/he will be allowed to make up work.**

Notification to Parents/ Guardians of Excessive Absences

The school attendance clerk will notify parents/guardians of students by telephone or letter when the student has missed half the allotted days as described below and when the student has missed the total allotted days. Irregular attendance will be monitored by teachers, counselors, and the student accounting office. Irregular attendance reports of students will be referred to the district attendance officer for action by the Youth Court.

Elementary and Middle Schools:

The limit of absences shall be **six** days of unexcused absences per semester or **ten** days total (includes excused and unexcused) per semester. Official absences, absences for which a doctor’s excuse is presented, or days missed due to suspension or health or legal quarantine will not count against the limited number of absences allotted for a student.

High School:

The limit of absences will be **ten** absences per class period for classes which last one semester, and **twenty** absences per class period for classes which meet for the entire school year. Absences will be recorded by periods; each class stands alone. Official absences, absences for which a doctor’s excuse is presented, or days missed due

to suspension or health or legal quarantine will not count against the limited number of absences allotted for a student. Students late for school will not be permitted to class without an official admission slip from the office.

PERFECT ATTENDANCE INCREASES PERFORMANCE

Appeal Procedure

An appeal may be made for students who have missed more than the allotted number of total days/periods. The following steps must be followed:

- Within five school days after receiving notification that the student has exceeded the allotted number of absences, the parent/guardian must submit a letter requesting a policy waiver to the principal. Attached to this letter should be copies of documentation verifying the reason(s) for the absences.
- The principal will decide to approve or disapprove the request and will notify the parent/guardian in writing of the decision. At the principal's discretion, a teacher/administrator committee may review each case and make a nonbonding recommendation to the principal.
- Requests not approved by the principal may be appealed by the parent/guardian to the Attendance Review Committee by submitting a letter within two school days of receiving notification that the request was denied, to the director of student services. The committee will be comprised of a central office administrator and two school-level administrators.
- Decisions made by the Attendance Review Committee may be appealed to the Board of Trustees through the superintendent by submitting a letter within two school days of receiving notification that the request was denied to the office of the superintendent. NOTE: If a waiver is granted in regard to the attendance policy for students who have missed more than the allotted number of total days/periods, all unexcused absences will still carry the grade penalty as specified in the Unexcused Absence section.

Procedure for Return to School

When a student returns to school after an absence, he or she must bring a written excuse to the proper school official by 7:30 a. m. within **3 days** of the student's return to school. After 3 days, the absence(s) will be recorded as unexcused. A parent note must contain the date the note was written, the day and date of the absence, reason for being absent, phone number where the parent may be contacted, and signature of parent or guardian. The school principal or his/her designee will determine if the absence is excused or unexcused. If a student returns to school without a written excuse from a parent/guardian, an unexcused absence is recorded until a note is sent to the proper school official signed by the parent or guardian.

Participation in School Activities

In order to participate in any extracurricular or school-related function or activity, students must attend school a minimum of 60% of the school day. (This is a minimum of five complete classes). **Students will not be allowed to travel with team, stand on the sidelines, or sit on the bench when s/he does not meet the 60% criteria.**

Student Arrival and Departure Times

Students are not to arrive on the school campus prior to 30 minutes before the beginning of the school day, when teachers report for duty. The school will not assume responsibility for any students arriving on school grounds prior to stated time unless they are transported by school bus. Students are to leave school at the end of the school day unless they are participating in a supervised school activity and are under the direct supervision of a teacher.

Tardies (Board Policy JBA & JBD)

A student is tardy if s/he arrives after 8:00 a.m. and after the tardy bell rings at the beginning of each class period. Students late to school will not be admitted to class without an office excuse. Parents will be allowed to sign in students no more than 5 times to receive an excused tardy. The parent/guardian must come in and sign in students when arriving to school late; otherwise, the student will be **assigned after school detention** each time.

* As an intervention, principals have the discretion to assign lunch and/or after school detention as a consequence adding steps to intervene and teach timeliness.

Check-in policy

When a student arrives at school tardy, a parent or guardian **must** bring him/her to the office. The student's name will be removed from the absentee report (if s/he is present at least 63% of the day), and he/she will be given a tardy slip.

Check-out Policy/Leaving School

Parents are encouraged to check their children out of school only if the children are sick, a family emergency occurs or for a medical appointment which cannot be made at an after school time.

When a student becomes ill or an emergency arises during the regular school that may warrant early dismissal, the student must report to the attendance clerk (secretary). Before the student will be allowed to leave school, the parent, legal guardian, or person authorized by the parent must come to the school to sign the student out. The school administration will reserve the option to release a student from school if the student's parents cannot be contacted. **Be reminded that the student will be marked "Absent" if s/he is not at school 63% of the instructional day. In most cases, this will be five out of seven periods. To ensure that students meet this daily requirement, students should not be checked out before 1:00 on a regular day and 11:45 on a 60% day.**

CURRICULUM

The Coffeeville School District implements the Mississippi College and Career Readiness Standards, a state-led initiative, to establish a set of educational standards for kindergarten through 12th grade in English Language Arts and Mathematics. These learning goals outline what a student should know and be able to do at the end of each grade. The standards are designed to ensure that students graduating from high school are prepared to enter college programs or enter the workforce. The standards are written to ensure that parents, teachers, and students have a clear understanding of the expectations in reading, writing, speaking and listening, language and mathematics.

CODE OF CONDUCT

(Board Policy JCB)

One of the characteristics of an effective school district is a safe, orderly climate conducive to teaching and learning. Students as well as the administration and staff, share the responsibility of creating and supporting a positive school climate.

Coffeeville School District's School Board wishes to establish an educational climate in which student behavior is at all times exemplary and in which the important processes of education can best be carried out. Recognizing the need to support the professional personnel of Coffeeville Schools, the Board encourages the development of harmonious and cooperative relationships between students and faculty members based on mutual respect and understanding. Significant interruptions of the educational process resulting from overt disrespect shown by students to faculty members, unruly student behavior, and vulgar or otherwise discourteous actions will not be permitted.

DISCIPLINE – GENERAL INFORMATION

The basic objectives of discipline within the school district are:

1. To establish conditions within the schools that compliment effective teaching and learning.
2. To establish and maintain study conditions conducive to learning.

3. To develop behaviors and study-skills that spark initiative and assists students in being model citizens.
4. To guide students in learning how to make better choices based on decision-making skills.

Due to the severity of COVID-19 and the still evolving pandemic, undesired and defiant behavior will not be tolerated. Coffeerville School District implements Zero Tolerance Policies. Therefore, any student demonstrating repetitive class disruptions, defiance and undesired behavior will immediately TRANSITION to VIRTUAL LEARNING for a minimum of 45 days or up to the remainder of the 2020-2021 school year.

District Code of Conduct Policies and Procedures:

- Administrators and teachers shall hold students accountable for their conduct in school, on the way to and from school, when transported on school buses, at any school-sponsored event in or out of town, and while riding any school-owned vehicle or at any school-related activity or event. This includes any conduct occurring on property other than school property or other than at a school-related activity or event when such conduct by a student, in the determination of the school superintendent or principal, renders that student's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the students and teacher of such class as a whole (MS code 37-7-301). Any school official may correct any type of student misconduct concerning any of the above.
- Failure of any student to recognize and adhere to verbal statements of correction by school officials will be cause for discipline.
- **Teachers are expected to handle most of the disciplinary problems that arise.** If a student will not comply to the directives and warnings of a teacher, counselor, bus driver, or any school employee the student may be referred to the principal for disciplinary action. Immediately following the incident, a written and signed referral form will be submitted by the referring personnel explaining the problem. As a requirement of PBIS (Positive Behavior Intervention Support), interventions should have been previously attempted; therefore, documentation of the interventions as well as dates they were attempted and the results thereof should accompany the referral.
- Each student referred to the principal for disciplinary reasons will be required to submit a written statement to tell his/her side of the situation before any action is taken.
- DUE PROCESS- All students have the constitutional right to due process in matters of cheating, grading, suspensions, expulsions, and any other instances that would affect their property or liberty. Due process includes: notice, hearing and explanation. The Student Code of Conduct constitutes notice as required by due process. At the hearing, the student has the right to present his/her defense against the charges and to produce other oral testimony or written affidavits of witnesses on his/her behalf. Parent must be notified of the hearing and have the right to attend. An explanation of the results of the hearing and implications of the decision should be presented to the student after the hearing.

Misconduct Constituting Cause for Disciplinary Action

Assault

A person is guilty of simple assault if he (a) attempts to cause or purposely, knowingly or recklessly causes bodily injury to another; (b) negligently causes bodily injury to another with a deadly weapon or other means likely to produce death or serious bodily harm; or (c) attempts by physical menace to put another in fear of imminent serious bodily harm.

Graded work missed during the time of suspension may be made up at a time designated by school officials. Students may be assigned to either in-school or out-of-school suspension. In-school suspension (ISS) requires that a student complete all assignments during the period of suspension. Additional time in ISS may be given for failure to complete assignments in the ISS program. **A student who disrupts the ISS program will be referred to the appropriate building administrator and the student will complete the assigned suspension out-of-school. S/he will not be allowed to return to regular classes until suspension is completed in its entirety.** The out of school suspension may be at home or assignment may be made to the alternative school. However, the Board must maintain an atmosphere conducive to the pursuit of its educational goals, including a limited right to search students' personal belongings when it is in the interest of the

If a pat-down search of a student's person is conducted, it will be conducted in private by a school official of the same sex with at least one adult witness present. **Only if extreme emergency conditions exist, and only upon prior approval by the school superintendent will a more intrusive search be conducted.** If such a search is necessary, it will be conducted in private by a school official of the same sex with an adult witness of the same sex present.

Metal Detectors

Metal detectors will be used at selected events, at the discretion of the school administration. Metal detectors also will be used in the school sites as deemed appropriate. Inspections/searches of personal property at public events will be conducted by School Resource Officers and/or law enforcement personnel. Inspections/searches of personal property at school sites may be conducted by school personnel in accordance with established procedures. Refusal to pass through the metal detectors will be considered sufficient cause to deny entrance to the event or to school until a personal search had been completed.

This meeting will be held within seven working days after receipt of the request. A decision will be made within fifteen days from the receipt of the written request. If the aggrieved person or persons desire to appeal the superintendent's decision, they must request in writing a hearing before the Board. Such a request must be made through the superintendent. The Board will provide the student or parent with its written decision in this matter as expeditiously as possible following completion of the hearing.

Face Coverings

The district requires a face covering of your choice for all employees, adult visitors, and K-12 students always, even when three to six feet or farther from other individuals, including:

- inside school buildings and anywhere on school grounds, including outside;
- while traveling on buses, vendor transportation or other Coffeerville School vehicles.
- Cloth face coverings remain strongly recommended for pre-K students if appropriate for that child but are not required for them. State health officials strongly recommend face coverings for all people over the age of two.

A face covering must be secured safely over the nose, mouth, and under the chin. Individuals may briefly remove their face coverings in the following instances, while remaining socially distanced at least six feet from other individuals:

- While actively eating or drinking
- Are seeking to communicate with a hearing-impaired person in a way that requires the mouth to be visible
- Are in a personal vehicle
- The face covering is impeding visibility to operate equipment or a vehicle

Face coverings are an additional step to help slow the spread of COVID-19 when combined with everyday preventive actions and social distancing in public settings.

Face coverings will be provided for students who do not have access to one. If given a reusable face covering, it is the responsibility of the family to wash it when needed and bring it back to reuse it.

Please also review face covering best practices on the CDC website with your child and help them practice wearing face coverings appropriately for extended periods of time.

Schools may give students a brief face covering break if they can meet all the following conditions:

- Outside only
- Spaced three to six feet from all other individuals, including employees
- Students should remain stationary in the same space
- Students should all face the same direction

Once submitted to your principal, Face Covering Accommodation Requests may take up to two weeks to process, before a decision is made. All individuals are required to wear a face covering on Coffeerville school district property while their request is under review.

E-MAIL

Electronic mail, most commonly abbreviated email or e-mail, is a method of exchanging digital messages. Email systems are based on a store-and-forward model in which e-mail server computer systems accept, forward, deliver and store messages on behalf of users, who only need to connect to the e-mail infrastructure, typically an e-mail server, with a network-enabled device for the duration of message submission or retrieval. Originally, e-mail was always transmitted directly from one user's device to another's; nowadays this is rarely the case.

Guidelines

3. Do not indiscriminately forward electronic mail messages to users and/or groups without knowing whether the group users wish to receive such messages. For example: these messages would be personal items sent to you such as recipes, quotes, pictures, stories, jokes, songs, and etc. These messages take up time and space and are not useful for the purpose and objectives of the Coffeerville School District.

- Students must register their vehicle(s) at the office.
- No student is to disturb or drive a bicycle, motor bike, or automobile belonging to someone else.
- Quick starts and/or speeding will not be tolerated in school zones or in school parking areas. Violations of these regulations will result in severe disciplinary action and possible loss of privileges to drive a motor vehicle to school.
- A student may not sit in a parked automobile at any time after his arrival at or near the school campus.
- No student will loiter, tamper with, or in any way damage any vehicle. A student who does so will be held liable for damages.
- Students must have permission from the principal, to go to their cars during the school day.
- **Loud music is not allowed on the campus. Students who persist in playing loud music will lose driving privileges.**

Parking

- Parking on all campuses is restricted to faculty, visitors, and service vehicles, except where designated as student parking areas. Vehicles parked in other than designated areas will be ticketed. Student vehicles

parked in teacher/staff parking areas, blocking other vehicles, and/or parked illegally are subject to being towed at the owner's expense.

- All parking is subject to law enforcement regulations and may be ticketed.

MULTI-TIERED SYSTEM OF SUPPORTS (MTSS)

Coffeeville School District has standardized procedures to ensure that:

- All students are provided an opportunity to succeed in the regular educational program
- All students receive a free and appropriate public education

MTSS is a vehicle through which assistance can be requested for any student who is “at risk” of not succeeding. The primary purpose of the MTSS team is to assess students’ needs and design instructional/behavioral interventions and strategies for those students who demonstrate learning and/or behavior problems that interfere with their success in the classroom and in the school environment. The team reviews and utilizes all of the possible resources within the school and/or district to meet the needs of the student. The team may also review the needs of “at risk” students on a school-wide and /or grade-level basis and develop instructional interventions and strategies in order to more effectively assist students and improve student achievement. The standardized procedures and process will be utilized throughout the school year to resolve issues, problems, or concerns related to the performance of students as identified by teachers, parents, guardians, and administrators.

It is the policy of Coffeeville School District that the referral of a student to the District Local Survey Committee (LSC) to begin the State of Mississippi’s process for determining the eligibility of a student for special services under the provision of the Individuals with Disabilities Education Act (IDEA) should only be considered after the appropriate instructional variations and interventions have been implemented in the regular classroom and student continues to be “at risk” or if the student is obviously disabled.

NON-CUSTODIAL PARENTS

CSD will comply with any court order relative to custody. A copy of the court order **MUST** be brought to the office to be included in the child’s permanent record.

PHOTOGRAPHS/VIDEO

Photographs of all students will be included in our school yearbook. Also, photographs and video of students may appear in our school newspaper, school flyers, website, FACEBOOK page, and other school publications unless consent is denied IN WRITING by the parent/guardian.

PROPER CHAIN OF COMMAND ACTIONS CONCERNING YOUR CHILD

Teacher > Principal > Superintendent > School Board

Coach > Athletic Director > Principal > Superintendent > School Board

SPED Teacher > Principal > SPED Director > Superintendent > School Board

*A meeting with the superintendent or school board cannot be scheduled until the proper chain of command has been followed.

RESPECT OF SELF AND AUTHORITY

The faculty and staff will work cooperatively to ensure a safe and orderly learning environment for all students. All teachers and staff member accept responsibility for all students. This includes but not limited to teachers, assistant teachers, custodial, clerical and cafeteria staff; bus drivers, counselors, administrators, as well as parents and other volunteers.

Students must respect themselves, their peers, and any adult in charge of supervision. If a student's behavior is inappropriate, the teacher or staff member closest to the student will correct the undesired behavior of the student. Students who show blatant disrespect, rudeness, inappropriate language, or abusive behavior toward any adult will be immediately transitioned to Virtual Learning for a minimum of 45 days.

SAMS ONLINE GRADEBOOK

Parents will have computer access to their child's grades and attendance through online grade book (ACTIVEPARENT). Instructions and log-in information will be sent home to parents after the start of school. Parents may email ataylor@coffeevilleschools.org for assistance with ACTIVEPARENT.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. 1232g; 34CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents or eligible students have to right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

WEATHER CLOSINGS/ EARLY DISMISSAL/ DELAYED START

In the event of bad weather that could cause the school to close, dismiss early, or delay the start of the instructional day, please refer to the Coffeerville School District website and social media site. Parents will also receive an automated call from the district.

GRADUATION CEREMONY SPEAKERS

Any student selected to speak during graduation but not limited to senior class president, president of student body, valedictorian, salutatorian, or any other designee as commencement speakers must submit speeches to principal and then superintendent for approval at least 5 days in advance. Any student reading an unapproved speech on the night of the official graduation ceremony will have his/her diploma held indefinitely until a school board hearing can be held.

ACADEMICS

Class Size (Board policy IEC)

It will be the policy of this school district to comply with the compulsory standards about class size found in Mississippi Commission on School Accreditation (standard 34). These standards are as follows:

- Student/ teacher ratios do not exceed 22 to 1 in kindergarten classrooms or 27 to 1 when a teacher assistant is assigned to the classroom, unless State Board of Education approved.
- Student/ teacher ratios do not exceed 27 to 1 in classrooms serving grades 1 through 4 unless State Board of Education approved.
- Student/teacher ratios do not exceed 30 to 1 in self-contained classes serving grades 5-8.

- Student/teacher ratios do not exceed 33 to 1 in departmentalized academic core classes serving grades 5-12.
- The total number of students taught by an individual teacher in academic core subjects at any time during the school year will not exceed 150.

Although these are the requirements of the State of Mississippi, our school district will endeavor to maintain as low a pupil/teacher ratio as funding will allow.

Grading Policy (Board policy JHA and JHAD)

Grades PreK-12 will reflect, at a minimum, the Mississippi College and Career Readiness Standards for each subject area. A passing grade in a course/subject will indicate mastery/learning of at least 65% of the course content. All grades will be reported in its numeric form.

Report card grades in Pre-Kindergarten and Kindergarten will be letters representing the following progress:

- S Satisfactory Progress
- N Needs Improvement
- U Unsatisfactory Progress

Report card grades in first through twelfth grade will be reported in numerical averages. The grade scale below will be used throughout the district:

- A 100 - 90
- B 89 – 80
- C 79 – 70
- D 69 – 65
- F 64 – 0

Grade Reporting

The school year is divided into two semesters. Each semester is further divided into two nine-week terms.

- Letter or number grades are placed on report cards each nine-week term showing the average grade for the class.
- Grades earned will be weighted as either major or minor.
- **Teachers are to have a minimum of 5 major grades and 4 minor grades** in their record book each nine weeks.
- Major assignments include but are not limited to chapter tests, unit tests, projects and research papers. The average of these assignments will count as 40% of the nine weeks' average.
- Minor assignments include but are not limited to class work, homework, and quizzes. The average of these assignments will count as 35% of the nine weeks' average.
- Each student in grades 1 through 12 will be given a cumulative test at the end of the nine weeks that will count as 25% of the nine weeks' average.

* Parents should consult their child's teacher regarding any concerns about nine-week averages.

This is how each nine weeks' average will be calculated. If a student has the following grades,

81 – average of all major grades, **95** – average of all minor grades, **78** – grade on nine weeks test

Multiply 81 times .40, 95 times .35, and 78 times .25. Add the three products together, and that will be the average for the nine weeks. ($32.40 + 33.25 + 19.5 = 85.15$, which rounds to an average of 85)

Homework

The purpose of homework is to reinforce skills taught in class and helps to build a foundation for their learning. Homework serves as an important purpose in your child's life. Coffeeville School District's School Board recognizes the value of purposeful, well-planned, and properly motivated home assignments that are (1) appropriate to the grade level, age, and abilities of the student; (2) designed to stimulate initiative and independence or to reinforce and enrich classroom instruction; (3) in complete accord with the goals established

for the development of the school curriculum; (4) carefully planned so that home assignments are not so lengthy as to be self-defeating nor so complicated as to require assistance or resource materials not available to the student; and (5) an extension of class work that has already been introduced. As in the assignment of in-school work, homework assignments must be left to the sound professional judgment of the teacher, who will be expected to interpret the needs and assess the abilities and interests of each student. (6) **Homework should be material the student has mastered and should not exceed 30 minutes each night.**

Progress Reports

At the third and sixth week of each nine-week grading period, the teacher or team will inform the parents of the academic work of all students. This is done by way of a progress report. Students in all schools will sign for the progress report and it will be their responsibility to discuss the report with their parents. Teachers in grades 1-12 may require the progress reports to be signed by a parent and returned. Parents who wish to receive progress reports more frequently should utilize ActiveParent via the Internet. For more information on this or for assistance getting registered for ActiveParent, contact your school's parent liaison. Furthermore, parents may request in writing that progress reports be mailed.

Nine Weeks Exams

Students in grades 1st through 12th will be administered an exam or culminating project at the end of the nine weeks grading period. Exams will be administered according to the following schedule:

* 1st Nine Weeks: September 30-October 3, 2019

* 2nd Nine Weeks: December 16-20, 2019

* 3rd Nine Weeks: March 9-13, 2020

* 4th Nine Weeks: May 11-15, 2020

Accelerated Reader (K-12) and I-ready (K-8) Reports/Grades

Coffeerville School District will participate in the Accelerated Reader and I-ready Programs during the 2020 – 2021 which will display any increase in growth and achievement, and consistent weekly progress.

To ensure these costly programs are implemented with fidelity and integrity, the students will receive a weekly Accelerated Reader and I-ready grades(starting the week of September 2, 2020). This delayed start date gives every student an opportunity to become acclimated to the programs.

These programs are research-based and can be quite effective in improving overall student reading skills and achievement.

Scheduling of Subjects or Classes

CHS General Policies Regarding Selection of Classes

The policies listed below will be followed by students, parents, and counselors in setting up the students' programs:

- All students, other than those who are in vocational courses which offer two (2) credits, two and one-half (2-1/2) credits, or three (3) units of credit, must schedule seven (7) subjects each school year, with the exception of seniors.
- A student can complete the full two-year vocational course beginning in the eleventh grade; seniors are generally not accepted for only one year of an Industrial Vocational Trades program.
- A maximum of one (1) unit may be earned during one (1) summer session.

- A student and his/her parent/guardian are required to meet individually with a guidance counselor/advisor to set up his/her program of studies and sign the scheduling form.
- It is the intent of Coffeerville Schools that students will be assisted at the beginning of ninth grade in making choices that will best meet the student's needs, interests, and capabilities in college preparatory, vocational, or military track programs. This will be accomplished through focused counseling by placing a student in the program considered most appropriate for him/her, with parents being given an opportunity to request adjustments in the scheduling.

Exemption from Exams (Board policy IHAF)

As an incentive for good attendance for all students, those students who meet the following requirements may be exempt from up to three first semester tests and three second semester tests. Students cannot be exempt from U.S. History, Algebra I, English II or Biology I except for the second semester final exam. This is an initiative designed to improve attendance and decrease tardies.

- **Students are not eligible for exemptions if they have been placed in ISS at least twice or are placed in Out-of-School Suspension during the semester grading period.**
- Seniors that meet the exemption requirements may be exempt from *all* final exams.
- Students will not be counted absent under the attendance policy from classes in which they are exempt.
- Final examinations shall not be given early. A student who withdraws from school prior to taking his/her final examinations for term or semester shall be given grades in progress.

ALL graduating SENIORS who have met the MDE and District requirements for graduation will be dismissed immediately following the administration of all Senior Final Exams. Those students still struggling to make the official graduation list will remain at school until all MDE and District requirements are met.

Eighth through twelfth grade students at Coffeerville High School may be given the privilege to be exempt from the final examination in a course under either of the following conditions:

1. The student has an average of 90 or above, with no more than **1 unexcused absence** in the course per semester.
2. The student has no more than **two (2) unexcused absences** in the course with a “B” or higher average.

NOTE: *Absences*, as specified below, refer to absences in the class for which the student requests exemption from term test.

- **Seniors** (12th) meeting the criteria may be exempt from all exams.
- **Juniors** (11th) meeting the criteria may be exempt from three (3) exams.
- Students in grades 8th through 10th meeting the criteria may be exempt from two (2) exams.

Policies for Awarding Academic Credit

- If a student has a **yearly average** of 65 or higher, he/she will pass that subject and receive credit for the course.
- **No student may receive a score higher than 100** or lower than **50** on his/her report card. Grades in high school **accelerated and AP classes** are weighted and these calculated grades are taken into account for class rank purposes only.
- No student will receive a score less than 50 for the first nine weeks on his/her report card.
- **Students must earn between 60-64 in any course in order to be eligible for CREDIT RECOVERY. State tested area courses CANNOT be recovered until the student scores PASSING, PROFICIENT, or ADVANCED on the STATE assessment.**

Awarding Academic Credit for Grades 8-12

- Academic credit for courses taken by students shall be awarded upon successful completion of courses.
- Credit for high school courses will be awarded in half-units, full units, or multiple units as approved in the latest edition of Bulletin of the Commission on School Accreditation, State Department of Education.
- In grades 9-12, the student must complete both semesters for a full-year (two-semester) course with a yearly passing average of 65 or higher in order to receive any credit for that course, subject to the following guidelines which indicate progress in the course(s) as shown by the second semester grade.
- The school will recognize and honor courses taken at other accredited schools if courses are recorded on the permanent record or transcript, but in the matter of required courses, students shall meet all regulations governing graduation requirements for Coffeerville High School. Students transferring into Coffeerville High School from a non-accredited school must be given achievement tests and/or special subject tests to determine grade and/or subject placement.
- Each student is responsible for completing required work without unauthorized assistance. The integrity of the grading and testing procedures must not be compromised, and **any student who is determined to be guilty of cheating will receive a zero on graded work and will receive appropriate counseling and/or disciplinary action.**
- In order to graduate with honors or highest honors from a district high school, a student must have attended the high school for a minimum of one full semester.
- Transfer students who enroll in district schools for less than twenty (20) school days must arrange for credit through their previous schools.

Class Ranking (Grades 8-12)

Grades 8-12

The procedure for determining class rank is as follows:

1. Scholastic averages are computed for grades 9-12, with each semester grade being counted once.
2. Grades for students enrolled in Advanced Placement classes will be weighted under the following formula: 5% will be added to the grade. Actual numerical grades will not be changed in records, only class rank will be affected. Example: Advanced Placement grade of 92 x 1.05 = 96.6000.
3. Grade averages will be carried out four decimal points. Example: 83.0001.
4. Students graduating with honors are listed by rank. The remaining class members will be listed alphabetically.
5. Non-academic classes will **not** be used in computing class rank. These include Physical Education (P.E.), ACT prep, Band, etc.
6. Eighth grade credits that can be earned toward high school graduation include Mississippi Studies, Geography, ICT 2, Spanish I and Algebra I.

Valedictorian and Salutatorian

A student must attend Coffeerville School District for the last four consecutive semesters in order to qualify for valedictorian or salutatorian. In order to be eligible for valedictorian and salutatorian honors, a student must complete the college preparatory curriculum. Summer school, correspondence grades, and non-academic classes will not be used in determining awards. **The third nine weeks' grades will be the last grades counted toward valedictorian and salutatorian. The third nine weeks' averages will count as a semester grade. All grades attained after this will go on the transcript but not count toward valedictorian or salutatorian unless the credited valedictorian or salutatorian makes a D or F during the last nine weeks.**

- a. Valedictorian – student maintaining the highest four-year **weighted** average, maintains good scholarship and attends Coffeerville High School for the last two consecutive years (four consecutive semesters).

- b. **Salutatorian** – student maintaining the second highest four-year **weighted** average, maintains good scholarship and attends Coffeerville High School for the last two consecutive years (four consecutive semesters).

Transferring Credits

Coffeerville High School will accept transfer students and award credit for grades earned during the school year if the student is enrolled in the district for at least twenty school days. A student enrolled in the district for less than twenty school days will receive an incomplete grade, except for those students transferring into the school system whose grades in progress at a previous school are sent to the principal's office. Grades in progress will be averaged with grades received while in attendance in Coffeerville School District.

Modifications for Exceptional Students

Special Education Placement

Educational programming and placement will be in accordance with the student's individualized education plan.

Child Find

The Coffeerville School District is participating in an on-going state effort to locate identify and evaluate children from birth through 21 who have physical, mental, communicative and /or emotional disabilities.

Qualified personnel in all areas related to the suspected disability evaluate students. This information and testing result will be kept confidential. Records to other agencies will be provided in accordance with the Family Rights and Privacy Act and IDEA, Individuals with Disabilities Education Act. For further information, call the Director of Special Services at (662) 675-8941.

Placement in Advanced Classes

Whenever applicable, a sticker will be placed on a student's permanent record stating that the student was advised to enroll in AP or Accelerated classes but the student and/or parent(s) declined to do so.

Field Trips – All off-campus activities, including athletics, band, cheerleading, etc.

As part of the educational service of the school, students may be taken on field trips. Such trips are made only with the permission of the child's parent. When such trips are being planned, permission slips will be sent home to be signed by the parent. All field trips must be approved by the district administration and must be supervised by regular classroom teachers.

Recognition for Academic Achievement

Honor Roll

- Students obtaining A-Honor Roll (Superintendent's List) will have nine-weeks' averages of 90 and above in all courses.
- Students obtaining A/B-Honor Roll (Principal's List) will have nine-weeks' averages in all courses of 80 and above.

ACT Mandatory Testing

Students who fail Algebra I, USH, English II , or Biology I, state test **MUST** enroll for ACT test each time it is offered until a subscore of 17 is achieved in the designated subgroup or the official state test is passed.

Schedule Changes

Students are encouraged to discuss their schedules with their parents. Students will not be allowed to change their schedules except in extreme emergencies deemed necessary by the principal. Schedule changes will be considered on a case by case with approval deemed by the building principal.

Transcripts

Current students may request a copy of their transcripts in the Counseling Office. Graduates will be required to submit their request in writing. All submitted requests must have an original signature and accompanied by a picture ID.

State and District Tests

Coffeenville School District shall maintain the program of standardized testing required by the State Board of Education, Division of Accreditation, and the Mississippi Department of Education Bureau of Assessment and Compliance and shall administer other standardized tests to students in grades K-12 as the Board of Trustees, Superintendent, and other professional personnel judge to be necessary.

Illness During the School Day

In the class of sudden illness or injury, the student will be cared for as well as possible. Every effort will be made to contact the parent or another person listed on the student's emergency contact list. If the parent/guardian cannot be reached, the family doctor or paramedic will be contacted. If warranted, the student will be transported to the emergency room. A school staff member or nurse will remain with the student until the parent/guardian arrives.

In order to decrease the spread of infection, please adhere to the following for any student returning to school after an illness:

- Free of fever for 24 hours
- No vomiting for 24 hours

Movement in Hallways

Students must remain in class and will not be allowed out of the classroom during the class time. If there is an emergency, the teacher will give the student a pass. No student shall be in the hall without a valid pass. The student must present the pass to any teacher/staff member upon request. Students absent from class without a valid pass will be considered truant or skipping. Congregating in groups, standing around and loitering in the halls blocks the normal flow of traffic in addition to increases the probability of an altercation and must be avoided. Students must keep moving while in the hallway especially during class change, moving to and from lunch, morning arrival, and dismissal.

Individual Career and Academic Plan (ICAP)

Each student in Mississippi schools must have an ICAP that is personalized to meet his or her educational and career goals. Students who choose the Career Pathway Option must complete 4 career and technical education units and 2.5 elective units specified in the students ICAP.

Subject Area Tests

The Subject Area Testing Program (SATP) consists of four academic, end-of-course tests (Algebra I, Biology I, English II, and U.S. History from 1877). A passing score in each of the four subject-area tests is required.

* Career and Traditional Pathway Options are State Board required.

** District Pathway is a local decision.

*** The Career Pathway Option is available for all students beginning in 2011-2012.

**** The Mississippi Early Exit Diploma indicates that students are ready to do college level work without remediation and opens up a variety of educational and career pathways within and beyond high school. In order to qualify for a Mississippi Early Exit Diploma, in addition to earning the Carnegie Units listed, students must meet college and career qualification scores in all core content areas on a series of End of Course (EOC) exams and/or the required benchmarks for college readiness on the ACT or Institution of Higher Learning (IHL) approved college entrance exam.

The Graduation Pathway document can be assessed from the state website (www.mde.k12.ms.us) . Please contact the school counselor to address all questions or concerns.

A school shall not deliver a diploma, signed or unsigned, or any substitute for a diploma, to a student who fails to meet the requirements for graduation, nor shall a pupil be permitted to participate in the graduation exercise. The school does not assume responsibility for money spent on class rings, invitations, etc. because a student does not meet the minimum requirements for graduation.

While participation in the graduation exercise is not a requirement for graduation, in order to take part in the graduation ceremonies, a senior must attend the graduation practices as set up by the principal and class sponsors and be on time. A schedule will be given to each senior prior to the dates for practice. Graduates who choose not to participate in the graduation ceremony may pick up their diploma at school the day following the ceremony.

Any graduating senior with an outstanding fine or fee will be allowed to participate in graduation practice and commencement exercise. However, the student will NOT receive his/her diploma until the fine/fee is satisfied.

Graduation Options for Students Receiving Special Services (SPED)

Option 1: Regular High School Diploma

This route is for a traditional diploma.

Option 2: Certificate of Completion

This certificate is for students receiving special services who do not meet the district and/or state requirements for the regular high school diploma.

**STUDENTS WITH DISABILITIES
(Individuals with Disabilities Education Act)**

The District's students with disabilities and their parents/guardians shall be given the option for the student to work toward a high school diploma, an occupational diploma or a certificate of life skills completion. This decision will be made at the student's Individual Education Plan (IEP) meeting prior to 9th grade. When considering the occupational diploma option, the IEP Committee must include a school counselor. The IEP shall thereafter reflect the option selected by the Committee and shall specify whether the student is seeking a high school diploma, an occupational diploma or a certificate of life skills completion. Students with disabilities will be issued a regular education high school diploma, an occupational diploma or a certificate of life skills completion as follows:

1. Students pursuing a regular education high school diploma must meet the requirements set forth by the State Board of Education and the Coffeeville School District. Special education and related services will be provided to assist a student in reaching this goal based on the student's IEP.
2. Students who choose the occupational diploma will be required to complete the criteria as designated in the occupational diploma curriculum requirements.

STANDARD DIPLOMA WITH CAREER PATHWAY OPTION (GRADUATING CLASSES OF 2020, 2021, and 2022)

In 2010, MS state policymakers passed legislation to create multiple pathways to a standard diploma. The 2010 legislative actions created a career pathway to a standard diploma, with the goal of improving Mississippi graduation rates and providing students with career and technical training that prepare students for postsecondary credential or certification programs and employable workplace skills. This legislative change created new sections 37-16-17, Mississippi code of 1972, to provide for high school option programs and career track curricula for students not wishing to pursue baccalaureate degree.

PROMOTION OF STUDENTS WITH DISABILITIES

Students with disabilities who have a current eligibility in special education and a current individual education plan IEP on file will receive grades (modified instruction) fairly reflecting their achievement on the instructional level at which they are functioning. All those involved in reporting and using these grades will understand that a high grade does not necessarily mean a disability no longer exists. A high grade should accurately reflect that, based on expectations for that student, he/she is performing well. Students with IEPs are graded based on mastery

and modification of instruction based upon the individual IEP. Each report card/progress report will reflect that instruction may be modified based on each individual student's IEP which may not earn a Carnegie Unit.

The following options apply to any state tested area assessment:

In accordance with Federal (USDA) guidelines, commercially prepared competitive food and drink items will not be distributed or sold one hour prior to or during the lunch period and will not be taken into the cafeteria during lunch.

In accordance with federal requirements the “Offer vs. Serve” policy is in effect for all high school students. This allows the student to select any three of the five food items offered on the menu. Students must choose at least three of the five components offered; however, selecting only three of five items does not relieve the student from paying the full price of the meal.

Student and adults cannot charge meals. Payment can be made for a minimum of one school week or longer.

All students and adults will be assigned meal account numbers to be used at the cashier station. The student meal number will be on the meal application label or is available from the cashier.

Students who bring their lunch may purchase milk but cannot purchase menu items.

All students will receive an application for free and reduced-price items. Each student must apply each year. Students new to the district must pay for meals until approved for meal benefits. Applications are available throughout the year.

COFFEEVILLE SCHOOL DISTRICT PARENTAL INVOLVEMENT POLICY

2021– 2022 School Year

Coffeeville School District provides parental involvement by utilizing the following strategies:

A federal programs committee will be maintained, and issues relating to Title I and Title II will be the focus of this committee. At least one parent and one student will serve on this committee. This committee will receive input from teachers and parents to develop a school-parent-teacher compact and revise the compact as input dictates. This compact will outline how parents, students and school staff will share the responsibility for improving student achievement and the means by which the school and parents will build and develop a partnership to help children in areas of social, personal and academic improvement. The compact will be reviewed by the building level committee and updated as needed before being articulated at the beginning of each school year during parent-teacher conferences.

Each building site will have a written building level parental involvement plan that is reviewed and revised each year based on parent input and the needs of the individual building. In an effort to coordinate and integrate parental involvement strategies with other programs such as: Head Start, Reading First, Even Start, and other such agencies/organizations, each agency will be invited to coordinate their efforts with existing school level Parent Advisory Committees to plan and carry out parental involvement activities. A written invitation for participation will be mailed at the beginning of each school year. In addition, these agencies/organizations will be mailed fliers on planned activities and meetings along with a request to post and share the flyers with the parents they serve. The schedule of parental involvement activities will be posted on each school's website.

One district wide general meeting will be held annually to inform parents of their rights to consult in the design and implementation of the project, to solicit parents' input, and to provide parents an opportunity to establish mechanisms for maintaining ongoing communication. Parents will be notified of the time, date and place of the meeting via the local newspaper, monthly district calendar and/or via a note that is sent home with their child.

Each building level committee will meet at least one time per semester. These meetings will be for the purpose of soliciting parental and community input in planning and implementation of federal programs. Activities that will be carried out during these meetings will include informing parents of evaluation results, identification of needs that can be supported with federal programs funds, keeping parents abreast of the activities that are taking place in their child's school, planning ways to attain greater parental involvement and completion of ongoing monitoring and assessment of federal programs.

Each school will maintain a Parent Center with a full or part-time parent liaison paraprofessional who will serve as the primary contact between the school and parents. The duties of the liaison will vary with an array of tasks that may include but will not be limited to: assisting in planning and carrying out parental involvement activities that will be scheduled at flexible times, soliciting parent volunteers during school hours, scheduling parent-teacher conferences, making good news telephone calls to parents, making home visits, managing the Parent Center under the supervision of the principal or assistant principal, and any other tasks that are assigned in the school's efforts to get parents involved at school. The Title I Supervisor will work with individual building sites to ensure that parent involvement activities will be coordinated with other community involvement programs.

Each school site will provide parents with information on the curriculum and assessments being used at their child's school. Parents will be given a copy of their child's state test results and a copy of the state prepared NCLB report card. They will be notified that district personnel are available to go over test results if needed.

An annual review of the parental involvement policy will be conducted to determine the effectiveness of the plan's content in meeting the objective of increased parental participation and to identify barriers to greater parental participation. The review will be completed during the district wide committee meeting as part of the planning process.
